**9689. Misbranding of Pratts conditioner. U. S. \* \* \* v. 21 Packages of Pratts Conditioner. Default decree of condemnation, forfeiture, and destruction.** (F. & D. No. 14413. I. S. No. 3407-t. S. No. C-2775.)

On February 5, 1921, the United States attorney for the District of Minnesota, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel for the seizure and condem-

nation of 21 packages of Pratt's conditioner, remaining in the original unbroken packages at West Duluth, Minn., alleging that the article had been shipped by the Pratt Food Co., Chicago, Ill., May 2, 1918, and transported from the State of Illinois into the State of Minnesota, and charging misbranding in violation of the Food and Drugs Act, as amended.

Analysis of a sample of the article by the Bureau of Chemistry of this department showed that it consisted essentially of a mixture of ground plant material, salt, charcoal, sulphur, and a small amount of an iron compound.

Misbranding of the article was alleged in substance in the libel for the reason that the following statements regarding the curative and therapeutic effect thereof, (carton) " \* \* \* aids in the prevention of Hog Cholera, \* \* \* Assists in preventing slinking of Calves \* \* \* insure healthy foal in mares and make stallions' service sure, \* \* \* make the bulls' service sure \* \* \* For Hog Cholera.—In case of hog cholera or any other sickness \* \* \*," were false and fraudulent since the said article contained no ingredient or combination of ingredients capable of producing the effects claimed.

On July 22, 1921, no claimant having appeared for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be destroyed by the United States marshal.

Nos. 9382, 11476, 11477, 11900, 12571, 12586. I. S. Nos. 10555-r, 8957-r, 8958-r, 8475-r, 9037-r, 9059-r. S. Nos. C-986, C-1557, C-1558, C-1699, C-1876, C-1885.)

On October 9, 1918, October 24, 1919, January 28, April 7, and April 15, 1920, respectively, the United States attorney for the Eastern District of Arkansas, acting upon reports by the Secretary of Agriculture, filed in the District Court of the United States for said district a number of libels, and on October 29, 1918, an amendment to the libel filed on the first date, praying the seizure and condemnation of approximately 377 bottles of E. W. Hall's Texas Wonder, in part at Little Rock and in part at Pine Bluff, Ark., consigned in part by E. W. Hall, St. Louis, Mo., consigned on or about the respective dates September 21, 1918, August 13 and September 17, 1919, and January 8, February 18, and March 17, 1920, alleging that the article had been shipped from St. Louis, Mo., and transported from the State of Missouri into the State of Arkansas, and charging misbranding in violation of the Food and Drugs Act, as amended. A portion of the article was labeled in part: (Carton) " \* \* \* The Texas Wonder, for Kidney and Bladder Troubles, Diabetes, Weak and Lame Backs, Rheumatism and Gravel. Regulates Bladder Trouble in Children. \* \* \*"; (circular) "Louis A. Portner \* \* \* testified \* \* \* he began using The Texas Wonder for stone in the kidneys \* \* \* and tuberculosis of the kidneys \* \* \* He was still using the medicine with wonderful results, and his weight had increased \* \* \*." The remainder of the article was labeled in part: (Carton) " \* \* \* A remedy For Kidney and Bladder Troubles, Weak and Lame Backs, Rheumatism and Gravel. Regulates Bladder Trouble in Children \* \* \*"; (circular headed "Read Carefully") " \* \* \* The Texas Wonder, Hall's Great Discovery \* \* \* In cases of gravel and rheumatic troubles it should be taken in 25-drop doses until relieved \* \* \*."

Analysis of a sample of the article by the Bureau of Chemistry of this department showed that it contained copaiba, rhubarb, colchicum, guaiac, turpentine, alcohol, and water.
