

It was alleged in the libel that the article was adulterated, in that an inedible product had been substituted in whole or in part for normal grapefruit of good commercial quality.

On March 14, 1927, the Pacific Fruit & Produce Co., a corporation of Washington, having appeared as claimant for the property and having consented to the entry of a decree, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be released to the said claimant upon payment of the costs of the proceedings and the execution of a bond in the sum of \$500, conditioned in part that it not be sold or otherwise disposed of contrary to law.

Analysis by this department of a sample of the article showed that the tablets contained 91 per cent of milk sugar, together with talc, a trace of nitrogenous organic matter, and a faint trace of radium.

It was alleged in substance in the libel that the article was misbranded, in that the following statements, regarding the curative and therapeutic effect of the said article, borne on the labeling, were false and fraudulent, since it contained no ingredient or combination of ingredients capable of producing the effects claimed: (Box label) "Allgland * * * The Great Body Builder Makes You Feel Younger * * * A Gland And Body Food Eliminating, Preventing And Correcting All Diseases Caused By Over Work, Nervous Or Run-down Conditions. Where there is or might develop a cancerous condition, write the medical director. Most women as they enter the fortieth year of age commence a change of gland action. This stopping of the action of some glands causes nature to start up more action in some other glands. Nature sometimes does not do this, for the reason that the right gland food is not supplied, or if supplied, is not in a form to be taken into the system, or from this same cause, may overwork some other gland, thereby creating a greater unbalance, so that the nervous diseases and others start. There will be hot flashes, nervousness or neurosis of all nerves. The mind gets weak but excitable. Fibroid tumors, etc., may start. If these patients will take Allgland steadily for a few years they will pass through this time of life without trouble. They will prevent as well as relieve all such troubles. If You have a daughter or son who is troubled with Pimples On The Face they will get relief by taking Allgland Tablets. * * * The cause of this trouble is a Glandular Unbalance, showing that they are not developing as they should. The correcting of this trouble by Nature's Remedy, Allgland Tablets, does more good and prevents other troubles in later years. Lack of Development in Children * * * A child that overgrows shows that the glandular system is unbalanced just as much as an undergrowth does, and the same treatment applies to both. If you are all run-down and worn out, take two tablets before meals and at bedtime. They will make you a stronger man or woman and will make you feel younger. * * * As soon as you notice relief. * * * Being a food to the body, nerves, blood and glands, it corrects diseased conditions. It has proved very successful in Diabetes, Bright's Disease, Hardened Blood Vessels, High Blood Pressure, getting old too soon, all Rundown Conditions from diseases or overwork or worry, Hot Flashes or any Female Trouble. On January 17, 1927, W. S. Townsend, Los Angeles, Calif., having appeared as claimant for the property, a decree was entered, adjudging the product misbranded. It appearing to the court that the product had been relabeled and made to comply with the law, it was ordered by the court that judgment of release be entered, that the bond theretofore filed be exonerated, and that the claimant pay the costs.

15005. Adulteration and misbranding of butter. U. S. v. 32 Tubs of Butter. Consent decree of condemnation and forfeiture. Product released under bond. (F. & D. No. 21844. I. S. No. 16523-x. S. No. E-6057.)

On April 7, 1927, the United States attorney for the Southern District of New York, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 32 tubs of butter, remaining in the original unbroken packages at New York, N. Y., alleging that the article had been shipped by the Twin Willows Creamery Co., Holloway, Minn., on or about March 26, 1927, and transported from the State of Minnesota into the State of New York, and charging adulteration and misbranding in violation of the food and drugs act.

Adulteration of the article was alleged in the libel for the reason that a substance deficient in butterfat had been mixed and packed therewith so as to reduce, or lower, or injuriously affect its quality or strength, and had been substituted wholly or in part for the said article.

Misbranding was alleged for the reason that the article was offered for sale under the distinctive name of another article.
