

43.00 Per Cent \* \* \* Crude Fiber not more than 12.00 Per Cent," borne on the said tags, were false and misleading in that the said statements represented that the article contained not less than 43 per cent of crude protein and not more than 12 per cent of crude fiber; and for the further reason that it was labeled as aforesaid so as to deceive and mislead the purchaser into the belief that it contained not less than 43 per cent of crude protein and not more than 12 per cent of crude fiber; whereas the said article contained less crude protein and more crude fiber than labeled, to wit, not more than 39.92 per cent of crude protein and not less than 12.8 per cent of crude fiber.

On November 27, 1931, a plea of guilty to the information was entered on behalf of the defendant company, and the court imposed a fine of \$50 and costs.

ARTHUR M. HYDE, *Secretary of Agriculture.*

**19025. Adulteration of tullibeas. U. S. v. 1,000 Pounds of Tullibeas. Default decree of condemnation, forfeiture, and destruction. (F. & D. No. 26818. I. S. No. 35550. S. No. 4990.)**

Samples of tullibeas from the shipment herein described having been found to be infested with worms, the Secretary of Agriculture reported the matter to the United States attorney for the Eastern District of Missouri.

On July 30, 1931, the United States attorney filed in the District Court of the United States for the district aforesaid a libel praying seizure and condemnation of 1,000 pounds of tullibeas, remaining in the original unbroken package at St. Louis, Mo., alleging that the article had been shipped on or about September 25, 1930, by the Johanessen Fisheries, from Winnipeg, Manitoba, Canada, into the State of Missouri, and that it was adulterated in violation of the food and drugs act.

It was alleged in the libel that the article was adulterated in that it consisted wholly or partly of a filthy, decomposed, or putrid animal substance, and for the further reason that it consisted of a portion of an animal unfit for food.

On November 6, 1931, no claimant having appeared for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be destroyed by the United States marshal.

ARTHUR M. HYDE, *Secretary of Agriculture.*
