**20098. Adulteration and misbranding of Basical tablets. U. S. v. 7 Bottles \* \* \*.**  
(F. D. C. No. 34651. Sample No. 46651-L.)

**LIBEL FILED:** February 9, 1953, Southern District of Texas.

**ALLEGED SHIPMENT:** On various dates during the latter part of 1952 and the early part of 1953, by John C. Thie (TPCS Distributors), from Pasadena, Calif.

**PRODUCT:** 7 90-tablet bottles of Basical tablets at Houston, Tex. Examination disclosed that 3 tablets of the product contained 0.608 gram of calcium and that each tablet contained 300 U. S. P. units of vitamin D.

**LABEL, IN PART:** (Bottle) "Formula VI Basical 90 Tablets (6-W) Each tablet contains \* \* \* 500 U. S. P. Units of Vitamin D \* \* \* Three tablets supply the minimum adult daily requirements as follows: Calcium 140.66%."

**NATURE OF CHARGE:** Adulteration, Section 402 (b) (1), a valuable constituent, vitamin D, had been in part omitted or abstracted from the article. The article was adulterated while held for sale after shipment in interstate commerce.

Misbranding, Section 403 (a), the label statement "Three tablets supply the minimum adult daily requirements as follows: Calcium 140.66%" was false and misleading since 3 tablets of the article would supply not more than 81 percent of the minimum adult daily requirement of calcium. The article was misbranded when introduced into and while in interstate commerce.

The libel alleged also that certain other products were misbranded under the provisions of the law applicable to drugs, as reported in notices of judgment on drugs and devices, No. 3997.

**DISPOSITION:** March 27, 1953. Default decree of condemnation and destruction.
